STATEMENT OF THE M.P.L.A. EXECUTIVE

The Congress, held in Zambia, to reintegrate into MPLA the two factions constituted outside our Country, did not achieve any positive result.

Therefore, the Executive of the Movement declares illegal the holding of any pseudo-congress or conferences in the name of MPLA by single factions or groups of factions, as well as the abuse of the name of MPLA by any faction.

The political organization, the People's Armed Forces for the Liberation of Angola and the whole administration of the Movement continue under the control of the Executive of the Movement.

All representatives and emissaries to other countries must be properly accredited by the Movement's Executive.

MPLA would thank all international and support organizations and friendly countries to continue to send their support solely to the Executive of the Movement, through the most convenient channels.

For the MPLA Executive

AGOSTINHO NETO
President
